Note

- $(1) For trademarks, filings \, refer \, to \, the \, number \, of \, classes \, specified \, in \, applications. \\$
- (2) For industrial designs, filings refer to number of designs contained in applications.
- (3) Statistics are produced regardless of whether the home office of the applicants supplied statistics or not. An asterisk symbol indicates that the home IP office did not supply statistics.
- (4) Statistics relating to "technical fields" are extracted from the Patstat database and are based on the publication date.
- (5) The indicator "resident applications per million population" is available for countries with a polulation greater than one million. The "indicator per GDP" is available for countries whose total GDP exceeds 10 billion US Dollar.
- $\hbox{ (6) Percentage with a plus or minus symbol indicates the percentage change from the previous year. } \\$
- (7) Both national and regional data are used to establish the list of countries relating to non-resident filings.
